Title Index

A

- A rare case of Rapunzel syndrome with multiple small bowel intussusceptions and bowel obstruction 49:67
- A rare hepatic trauma caused by vertical inertial force 49:74
- Abdominis rectus intramuscular myositis ossificans 49:20
- Acute appendicitis following blunt abdominal trauma in children: by chance or a cause? 49:217
- Anastomotic aneurysm formation after superficial temporal artery - middle cerebral artery bypass surgery in 5 months 49:149
- Arthroscopic synovectomy considerably reduces bleeding frequency and improves joint function in hemophilic patients with chronic synovitis 49:49
- Autologous fat grafting for treating lipoatrophy secondary to lupus erythematosus panniculitis 49:27

B

- Bizarre parosteal osteochondromatous proliferation on a phalanx with periosteal erosion 49:31
- Breast reconstruction modality and outcomes after mastectomy 49:9
- Buried penis 49:133

C

- Carcinoma cuniculatum of the nasal tip 49:39
- Cecal perforation in a pediatric patient caused by cecal bascule 49:123
- Colonic hemangioma, a diagnostic challenge in young adults with lower gastrointestinal tract bleeding 49:238
- Coronary artery revascularization in hemodialysis patients with multivessel coronary artery disease 49:45

D

- Delayed cerebral venous infarction after transarterial embolization of intracranial dural arteriovenous fistula: A rare complication 49:157
- Delayed unilateral vocal cord paralysis caused by minor head trauma 49:230
- Does age affect the outcomes and management of pediatric appendicitis in Taiwan? 49:174

E

- Early feeding after loop ileostomy reversal: A prospective study 49:178
- Effects of computed tomography for preoperative diagnosis of acute appendicitis on hospital expenditure 49:223

Effects of tamoxifen on traumatic brain injury-induced depression in male rats	49:101
Enteric bacterial loads are associated with interleukin-6 levels in systemic inflammatory response syndrome patients	49:208
Epidemiology and treatment of inpatients urolithiasis in Taiwan	49:136
Evolving concepts in the management of orbital fractures with enophthalmos: A retrospective comparative analysis	49:1
Experience of surgical treatment for hepatoblastoma	49:56
Extensor-pollicis-longus or -brevis tendon rupture after corticosteroid injection	49:15
H	
Huge abdominal wall reconstruction with island pedicle anterolateral thigh flap with tensor fascia lata plus vastus lateralis muscle	49:35
I	
Incarcerated hernia following hemiarthroplasty of the hip with Austin Moore prosthesis	49:119
Incarcerated internal hernia of the broad ligament	49:183
Ischemic preconditioning in hepatic ischemic-reperfusion injury	49:169
L	
Laparoscopic heminephroureterectomy for urothelial carcinoma in a horseshoe kidney	49:187
M	
Management for primary thyroid lymphoma: Experience from a single tertiary care centre in Taiwan	49:201
Management of traumatic arterial pseudoaneurysms as a result of limb trauma	49:89
O	
Occlusion of acute distal brachial, proximal radial and ulnar arteries in a young thrower	49:63
P	
Postendoscopic intraoral prolapse of a giant esophageal fibrovascular polyp	49:165
R	
Rare presentation of discrete ureteral metastasis from prostate adenocarcinoma	49:242
Role of the blood vessel and arachnoid as conflicting structures during microvascular decompression for treating typical trigeminal neuralgia	49:142
S	
Salvage of ineffective transarterial embolization with liver resection in a patient with repeated hepatic angiosarcoma bleeding	49:128
Spinal gossypiboma	49:193
Spontaneous rupture of an extremely large gastrointestinal stromal tumor of the jejunum	49:196
Spontaneous ureteral rupture	49:154
Successful downstaging of isolated bony metastatic prostate cancer after metastasectomy and androgen deprivation therapy	49:70
Successful treatment through single-port laparoscopy for a gastrojejunal fistula caused by an accidentally ingested toothpick	49:190
Supratentorial leptomeningeal hemangioblastoma resection after tumor embolization	49:78
Surgical repair of a complex renal artery aneurysm through bench surgery and autotransplantation	49:233

T

- Transmesenteric small bowel herniation causing intestinal obstruction
following laparoscopic transperitoneal nephrectomy 49:161
- Treatment of locally advanced low rectal cancer 49:83

U

- Using inhaled nitric oxide for a patient with pulmonary hypertension
during biventricular assist device surgery in the operating room 49:110

X

- Xanthogranulomatous lesion in recurrent appendicitis 49:114
